

# PRODUCT SPECIFICATION

## CARBON FIBER TELE-OUTRIGGER POLE

Taco Sport Fishing introduces their first ever Carbon Fiber Outrigger Poles for the ultimate offshore fishing experience. Our "Patent Pending" innovative design was built to meet the demands of today's modern fishing techniques and for those who need to get the most out of their high performance fishing boats on the market.

Our Carbon Fiber Poles are by far stronger and lighter than any other aluminum poles on the market today. The cylindrical design has the strength built into it to allow for today's modern fishing techniques of pulling dredges of ballyhoo, mullet or squids through the water at higher speeds that would be difficult to achieve with aluminum poles.

### FEATURES & BENEFITS

- UV-resistant, clear coated Black Carbon Fiber pole construction
- Stainless Steel Type 316 collars and rings
- Double outrigger line design on the 16' and triple outrigger line design on the 20' for either mono or dacron
- Patent pending swivel roller design mechanism allows for movement of the rollers to swivel in the direction of lures or bait for a more natural swimming action which results in hooking more fish
- Telescopes to less than 8' for bridge clearance, trailering and storage
- Designed for use with universal or Taco Sport Fishing Grand Slam mounts that accept 1-1/2" outriggers
- 16' ideal for boats under 35', 20' ideal for boats up to 50'
- Includes a nylon mesh carry bag to protect poles
- Includes adjustable roller line caddy with brass rollers allowing for easy rigging to the t-top or gunnel and better line management
- Locking collar design keeps poles from extending when trailering or running full speed and also keeps poles from collapsing when fully extended
- Sold in Pairs

### INCLUDES NYLON MESH BAG & ADJUSTABLE ROLLER LINE CADDY

• Dual pockets prevent outriggers from scratching each other

• Black Nylon mesh bag resists moisture  
• Protects outrigger poles from damage

• Clamps to outriggers to eliminate tangling and maintain rigging when outriggers are retracted  
• Available in Black

Precision Locking Pin
